Re: Notice of Intention to Commence Small Mining Activities, William L. Bown, Fisher Creek Project, S/003/027, Box Elder County, Utah

Dear Mr. Washington:

Thank you for forwarding William L. Bown's Notice of Intent to Conduct Mining Operations, received by the Division November 15, 1994, concerning the proposed mining project located in Section 8, T13N, R13W, SLBM, Box Elder County, Utah. The notice *does not* satisfy the notice requirements of Rule R647-003 of the Utah Mined Land Reclamation Act of 1975, Title 40-8, et seq., Utah Code Annotated.

The following information is still required:

R647-3-104(2) - The application identifies the operator as the owner surface and minerals. The applicant needs to properly identify the owner of surface lands and minerals to be mined.

R647-3-1-6(3) - The applicant needs to provide the total acreage of lands affected (or re-affected) by his mining operation. If there is past mining activity in the vicinity for which he is not responsible for, or has no plans to use, this should be identified on a sketch or map of the area.

We will suspend our review and await the amended Notice of Intention. In reply, please reference our file number S/003/027. Please call if you have any questions. Thank you for your cooperation.

Sincerely,

Lynn Kunzler
Reclamation Specialist
